AHEPA Senior Living Achieves Prestigious KultureCity® Certification, Furthering Commitment to Inclusivity

AHEPA Senior Living proudly announces a first-of-its-kind partnership with KultureCity® to bring sensory-inclusive practices, training, and resources to its nationwide portfolio of 93 affordable independent and assisted living communities through a phased rollout.

KultureCity, a leading nonprofit organization dedicated to promoting inclusivity and accessibility for individuals with sensory needs, has helped transform public venues and community spaces nationwide through its groundbreaking flagship initiative, the Sensory Inclusive™ program. It provides training and resources to staff at venues worldwide, enabling them to better accommodate individuals with sensory sensitivities.

The Platinum Seal is awarded to organizations that provide comprehensive information about their mission, leadership, finances, programs, measurable outcomes, and community impact. As Candid's highest level of transparency recognition, the designation reflects a strong commitment to accountability and public disclosure.

"Earning Candid's Platinum Seal of Transparency was a goal I set last year for AHEPA Senior Living," Chairman and Acting CEO Ike Gulas said. "To achieve this milestone in such a short amount of time is a testament to our executive team, our employees and our board's commitment demonstrating our ongoing commitment to accountability, stewardship, and excellence."

**Community Foundation of St. Joseph County
Awards \$60,000 to AHEPA 100 Senior Apartments
for Fall Prevention Renovations**

AHEPA Senior Living announced that AHEPA 100 Senior Apartments has received a \$60,000 grant from the Community Foundation of St. Joseph County to convert 25 bathtubs to walk-in showers equipped with safety rails—a targeted safety upgrade for very low-income seniors at risk of life-altering falls.

The need is well-documented. Each year, an estimated three million older adults visit emergency rooms following falls, and more than 319,000 of those visits involve hip fractures. In 2023, the CDC reported that fall-related mortality rates had risen to 69.9 deaths per 100,000 people — a significant increase over the prior two decades.

Anonymous Donor Gifts \$40,000 to Protect Pensacola Seniors from Florida's Summer Heat

AHEPA Senior Living announced that AHEPA 296 Senior Apartments has received an anonymous \$40,000 gift to replace aging Packaged Terminal Air Conditioner (PTAC) units before Florida's hottest months arrive.

Located in Pensacola, AHEPA 296 is a HUD Section 202-subsidized affordable independent living community that serves very low-income residents over 62 years old. For residents living on fixed incomes, a reliable, energy-efficient cooling system is not a luxury, it is a health and safety necessity. Extreme heat is a leading cause of weather-related illness and death among older adults, and the risk is especially acute in Escambia County, where summer temperatures regularly exceed 90°F.

Anonymous Donor Gives \$7,000 to Bring Community Gardens to Albuquerque Communities

AHEPA Senior Living announced that AHEPA 501 Senior Apartments has received an anonymous gift of \$7,000 to build community gardens for the 150 very low-income senior citizens residing there.

The community gardens will give residents shared outdoor spaces to grow plants, tend raised beds, and connect with neighbors — adding a meaningful dimension to daily life that extends well beyond gardening itself. Research consistently shows that access to green space and purposeful activity helps older adults reduce feelings of isolation, improve mental health, support physical mobility, and strengthen the social bonds essential to healthy aging.

Heart & Sole

WALKING CHALLENGE

A Community Wellness Initiative

MAY 4 - OCTOBER 6, 2026

AHEPA Senior Living Launches "Heart & Sole Walking Challenge" Honoring Steve Beck

AHEPA Senior Living launched its Heart & Sole Walking Challenge, a company-wide wellness initiative honoring former President & CEO Steve Beck. Running from May 4 through October 6, 2026, the program engages residents, team members, and board members across AHEPA Senior Living communities nationwide in a shared effort to promote physical activity, social connection, and heart health.

The Heart & Sole Walking Challenge is designed to bring communities together through a simple but powerful goal: keep moving. Participants will log miles weekly, working collectively at each property to “walk” toward selected destinations, fostering both collaboration and friendly competition across AHEPA Senior Living’s national portfolio. As communities reach milestones, they will set new goals and continue their journey together.
